

Festive faces

INTRO:

Have fun, play and bring everyday objects to life by adding personality and character.

ACTIVITY:

On the next page, we've given you some festive things to transform. Draw a face on them or change them into a character or creature.

Once you've done this, try making the leap to transform real-life objects like a potato, a Christmas cracker or some tinsel!

THIS HELPS:

- Set imagination free
- Give the gift of life to an object
- Explore playful expression

Add faces to these items. Then explore other things you can bring to life with expressions.

'Tis the
season
to be
creative
